- taskmastergulf.com
- web-glaze.ae
- libertyuae.com
- sparkleberry.co
- zozocart.in
- seokabaap.com

PROJECTS :

1) SPARKLEBERRY

- **Role** : Full-stack Developer
- **Link** : sparkleberry.co
- **Responsibilities** :
 - Designed and developed the frontend for an intuitive and user-friendly online shopping experience.
 - Managed backend tasks, including database maintenance and system optimizations for efficient data handling.
 - Played a crucial role in ongoing website maintenance, addressing issues and implementing updates.

2) DUBAI TOUR VISA

- **Role** : Full-stack Developer
- **Link** : dubaitourvisa.com
- **Responsibilities** :
 - Developed a comprehensive tourism website from scratch, utilizing HTML, CSS, JavaScript, Bootstrap frameworks, and PHP for both Frontend and Backend components.
 - Implemented PHP for server-side scripting, handling dynamic content and user interactions.
 - Played a key role in ongoing website maintenance, implementing updates and fixing bugs promptly.

EXPERIENCE

Web Developer | Web Glaze Services

July 2023 - Current

- **Website Design and Development:**

1. Led design and development of multiple client websites using HTML5, CSS3, and JavaScript.
2. Ensured responsive and user-friendly interfaces aligned with client specifications.

- **Maintenance and Optimization:**

1. Managed ongoing website maintenance, implementing updates, bug fixes, and optimizations.
2. Conducted regular audits to identify areas for improvement and implemented strategic enhancements to boost website efficiency.

- **Client-Side Responsibilities:**

1. Collaborated with clients, effectively communicating technical concepts and project progress.
2. Collaborated closely with clients to understand their requirements and preferences, providing tailored solutions to meet their unique business objectives.

- **Server-Side Development:**

1. Contributed to server-side development using Node.js and Express for backend systems.
2. Implemented data storage solutions and integrated databases to support dynamic content and enhance overall system functionality.

- **Cross-Functional Collaboration:**

1. Worked with UX/UI designers, content creators, and QA testers to deliver high-quality products.
2. Participated in code reviews, providing constructive feedback for continuous improvement.

- **Problem Solving & Adaptability:**

1. Demonstrated strong problem-solving skills for prompt issue resolution.
2. Proactively learned new technologies, adapting to evolving project requirements.
